

# ABRIELLE PERRY

## FULLSTACK WEB DEVELOPER

918-728-5419    abrielleperry22@icloud.com    Tulsa, Oklahoma    [linkedin.com/in/abriellerperry](https://www.linkedin.com/in/abriellerperry)    [github.com/abrielleperry](https://github.com/abrielleperry)

### EDUCATION

#### DIPLOMA IN COMPUTER SCIENCE AND FULLSTACK WEB DEVELOPMENT

**Tulsa, Oklahoma**

Atlas

*Expected graduation May 2025*

- Gained comprehensive knowledge in computer science fundamentals, including data structures, algorithms, and software design
- Proficient in fullstack web development using modern technologies such as HTML, CSS, JavaScript, React, Node.js, and databases
- Recognized on the Honor Roll for academic excellence in Front-End Development
- Completed hands-on projects that involved building responsive, scalable web applications and deploying them in production
- Collaborated in team settings to design and implement software solutions, honing problem-solving and debugging skills

### EXPERIENCE

#### INSTALLER TRAINER

**Tulsa, Oklahoma**

CaptionCall Sorenson

*May 2019 - April 2023*

- Installed and configured over 5,000 captioning phones for hard-of-hearing clients, ensuring seamless setup and operation
- Streamlined installation and troubleshooting for landlines, VoIP, mobile apps, and Bluetooth devices, reducing service downtime
- Conducted training sessions to simplify technology for clients, improving user experience and satisfaction
- Promoted to Trainer II, overseeing the onboarding and training of new technicians, enhancing team performance
- Developed advanced troubleshooting skills, client communication, and time management across Oklahoma service territory

### PROJECTS

#### GARDENING SHOP ECOMMERCE WEBSITE - FULLSTACK DEVELOPER

*August 2024*

[github.com/abrielleperry/gardening-shop](https://github.com/abrielleperry/gardening-shop)

- Developed a fully responsive e-commerce website using HTML, CSS, JavaScript, and JSON
- Integrated dynamic shopping cart features, including real-time updates, item removal, and price calculations
- Implemented a secure checkout system using Stripe for payment processing
- Utilized Bootstrap to ensure a seamless user experience across devices
- Collaborated with a team to deploy and test the platform, maintaining functionality and smooth operation

#### REALITY CHECK DASHBOARD - FULLSTACK DEVELOPER

*April 2024*

[github.com/abrielleperry/reality-check](https://github.com/abrielleperry/reality-check)

- Developed a data visualization dashboard using Flask, Dash, and Python to help businesses analyze and understand their data
- Implemented real-time data integration from various sources, including APIs from the Tulsa Fire Department and legacy databases, to create dynamic graphs and charts
- Designed and deployed interactive dashboards featuring bar, line, time-series, and geo-location graphs for enhanced business decision-making
- Gained experience in data manipulation, using Python for parsing, merging, and aggregating datasets

### SKILLS

- UI/UX Design Principles
- Team Collaboration
- Front-End Development
- Technology Translation for Clients
- Handling Customer Inquiries
- Equipment Installation
- Technical Troubleshooting
- Back-End Development
- Problem Solving and Debugging
- Version Control
